Additional Auto Contests & Promotions

We also provide prize coverage for a variety of non-golf contests and games. From half court shots at basketball games to direct mail contests for in-store promotions, US Hole In One has dealers covered for any type of BIG prize promotion.

Direct Mail promotions are a great way to drive traffic to your dealership. Send out mailers to potential customers and if someone returns with the winning piece then they win.

Give your customers a chance to spin the Prize Wheel and if they land on the car then they win the grand prize.

Conditional Rebate promotions allow your customers to profit off the weather or local sports team's achievement. If the covered event occurs then all purchases are paid for by us.

The Dice Roll contest is perfect for dealership grand openings, sales events and other showroom promotions. Pick a word to be spelled out and let everyone take a chance to roll. If someone successfully spells the lucky word then they go home a winner!
